

Schools Treefest 2020

In place of the usual Friends of St Eustachius' Christmas Tree Festival where we welcome over 65 organisations to decorate their own themed tree, which we have had to cancel this year owing to the current restrictions, we are delighted to say that we are working with local schools in the area to decorate their own themed tree in the church.

The Schools TreeFest will take place from Friday 27th November through to the 10th December, and the church will be open to view the trees between 12 and 4.30 p.m.
We will also have some wonderful 'Vintage Green' Christmas gifts for sale, as well as the usual home made marmalade and chutneys.

As we are only able to have a few trees in church, members of St. Eustachius' have come up with a creative solution to take the trees out into the town! Tavistock Bid has responded to the suggestion magnificently and it is the intention for shops and businesses in town to display trees in their windows so the St. Eustachius' Christmas Tree Festival will still bring some much needed comfort and joy to our community and its many visitors, as well as essential funding for our church.
